

Introducing...

WORKING FOR YOU

The Pioneer Panel, made up of tenants only, exists to review, compare and monitor Ashton Pioneer Homes in all it does for tenants. We want to ensure that APH keep their promises and maintain their standards. We will consult with staff and make recommendations to the board, but in doing so we remain an independent tenants group. By reviewing services we aim to help, shape and improve them for all tenants.

Earlier this year, APH set up a voluntary independent panel of tenants to examine their performance and standards. Some of you may have been contacted by this new group, Pioneer Panel as we review the current arrangements for Gas Servicing.

If you want Pioneer Panel to review one of Ashton Pioneer Homes' services you can use twitter, facebook or the website to make contact.
www.pioneerpanel.net

Please help us at Pioneer Panel make a real difference and play our part in working together towards a better place to live.
